To the Board of Assessors  
Coplin Plantation, Maine

Gentlemen:

This is to certify that we have audited the accounts of the Assessors, Treasurer, and Collector of Taxes of the Plantation of Coplin for the year ending January 31, 1938, and that the financial standing of the Plantation as shown by the Comparative Balance Sheet is correct as of that date to the best of our knowledge and belief.

The Treasurer has accounted for all receipts and disbursements and the balance shown as due the Plantation was represented by cash deposited in the Peoples National Bank of Farmington of \$1882.60 and cash on hand of \$41.62.

Due to the fact that the Collector of Taxes closed his account February 15 and the Treasurer closed her account February 1, the Collector shows a balance of cash on hand in his account of \$82.79 for 1937 Taxes and \$119.92 for 1936 Taxes. The Collector should close his accounts at the same time the Assessors and Treasurer close their accounts and the Uncollected Tax List printed in your Plantation Report should be as of the date of closing. Any money collected by the Tax Collector after the books are closed should be turned over to the Treasurer and credited on the accounts of that year.

Respectfully submitted

Edward T. Sullivan

Public Accountant and Auditor

Report of Health Officer

Farmington, Maine  
January 25, 1939

To the Assessors of Coplin

Dear Sirs:

Not a case of communicable disease was reported from Coplin during 1938.

With Mrs. Dennett two were vaccinated against smallpox, seven were given Schick tests to show if a previous toxoid had given immunity against diphtheria and two were tuberculin tested. Fourteen pupil inspections were made.

Health Officer Continued

One attended the chest clinic conducted monthly at the hospital by C. D. Cromwell, M. D., Superintendent of Central Maine Sanatorium.

Very sincerely yours,  
B. L. Arms, M. D.  
Director Cooperative Health Union

Report of County Nurse

To the Citizens of Coplin:

I hereby submit the eighteenth annual report of nursing activities from January 1, 1938 to January 1, 1939.

In May spring check-up was made in the school and the nurse assisted Dr. Arms in giving the tests and immunizations and examining the throats of the school children.

In November routine inspection was made and notices of defects found were sent to the parents.

Some time was spent with the teacher and superintendent of schools to talk over problems of securing correction of these defects.

Respectfully submitted,

To the Members of the Superintending School Committee and Citizens of Coplin:

In compliance with the provisions of the State law, I hereby submit my ninth annual report of the condition and progress of the Coplin School. In Miss Sproul's report will be found a complete account of the progress and activities during the present school year. I trust that you will read this report carefully as it is a summary of the work done by your children in your school.

While we were very sorry to accept the resignation of Miss Faith Reynolds, we were very fortunate to secure as her successor our present teacher, Miss Dorothy Sproul. The children are making excellent progress under her instruction and are greatly interested in their work.

Quite a few reference books have been added to the school library this year. One reference set was presented to the school by a friend of the children attending the school.

Reference works are essential to a well equipped and up till the last two years we have been very poorly equipped in that line, the teacher furnishing all that were used.

We will be entitled to our sixth Blue Ribbon for 100% seven pointers and the people of Coplin are to be congratulated on their fine spirit in making this excellent health record possible. It will pay dividends to the pupils in their later life.

We have recently placed a new front in the schoolhouse stove and the school building is now in good repair in all respects.

For the coming year I am suggesting the following appropriations:

Common Schools	\$ 100.00
High School Tuition	100.00
C. S. Conveyance	50.00
H. S. Conveyance	50.00
Text Books & Supplies	50.00
Total	\$ 350.00

At this time I wish to thank school and plantation officials and parents who have cooperated in working for the best interest of the school for the splendid support given. It is always helpful to the superintendent.

Respectfully submitted,

R. L. Sinclair

Report of Teacher

To the Superintendent, School Committee and Citizens:  
I submit the following report for the Coplin School for the first twenty-two weeks of the school year ending February 17, 1939. School opened Sept. 6th with the following enrollment:

- Grade VI. Blanche Bachelder
- Grade V. Moses Bachelder, Donald Savage
- Grade IV. Celia Bachelder, Richard Savage, Dorothes Bachelder
- Grade III. Marcel Libby
- Grade II. Roger Savage
- Grade I. Lewis Bachelder

Marlene Bridges also entered at the beginning of the year, in the first grade and Carl Libby in the fifth grade, but both transferred to other schools in four or five weeks.

The average attendance up to this date is 8.42. Those who have had a hundred percent record in this field are, Donald Savage, Richard Savage and Celia Bachelder.

At the beginning of the school year I found the school in excellent condition, and all the pupils up to grade.

My pupils have covered the required amount of work according to the state course of study. The first, third, fourth and sixth grades are doing extremely well in all their work, and especially excel in Reading, Writing, English and Arithmetic. The other grades are all up to average.

This year we have new music books, and I am teaching this subject to the pupils. They are very much interested and are progressing exceptionally well. We also devote some time for Sunday School each Friday. The pupils take great pride in this.

Choral speaking is another important thing which we are emphasizing this year, this type of work helps in developing expression; so far I have been stressing this mostly in the fourth grade.

For the last two months we have been setting aside one morning out of every week for the children to carry on morning exercises by themselves. This will show their dependability and initiative.

Last October, we gave a Halloween program, followed by a box social which netted us twenty-five dollars. We are using this money and that which was earned last year, for dental work. When this is completed, we will use the remaining amount for play ground equipment. We hope to be a full seven point school within two more months.

During the month of February we worked out a unit on George Washington, and this spring we plan to do more on project and unit work. This of course is for the purpose of integrating school subjects and the childrens' experiences.

In the spring we are going to form an Audubon Club, which will be for the purpose of studying birds, flowers, and other things of interest in the world of nature.

I have enjoyed working with the children this year very much, and I appreciate the cooperation that all of you as Citizens of Goplin Plantation have given me.

Respectfully submitted,  
Dorothy H. Sproul
